The European Association of Professors Emeriti Committee for Prevention and Health Promotion.

It is common knowledge that a healthy life is a requisite for every human achievement.

Our committee has been formed towards preventing disease and promoting health in Europe and all over the world.

Professors Emeriti have a great responsibility towards helping all individuals achieve a longer and healthier life, thus preserving and promulgating their capital of knowledge and of age.

Sir Magdi Yacoub, (Imperial College London & Aswan Heart Centre) Chairman
